

GymEzy Cookie Policy

How the GymEzy website and platform use cookies and similar technologies

Last updated: 7 June 2026

Provider: Managezy Limited

Registered Business Name: GymEzy

CRO registration number: 812735

Registered office: 46 Enterprise Centre, Lavery Avenue, Park West Business Park, Dublin 12, D12 PP48, Ireland

Website: www.gymezy.eu

Contact: help@gymezy.eu

VAT number: not yet issued; will be provided once registered.

This document is intended to apply to the English-language version of the GymEzy service. Where a Hungarian version is also made available, both versions are intended to have the same meaning. If an Order Form or signed agreement specifies a prevailing language, that clause will take priority.

1. About this Cookie Policy

This Cookie Policy explains how Managezy Limited ("we", "us", "GymEzy") uses cookies and similar technologies on the www.gymezy.eu website and the GymEzy SaaS admin platform and Member App. It should be read together with our Privacy Policy.

2. What are cookies?

A cookie is a small text file that a website or app stores on your device to remember information about your visit. Similar technologies include local storage, session storage and tokens used to keep you logged in.

Cookies can be "session" cookies, which are deleted when you close your browser, or "persistent" cookies, which remain on your device for a set period or until you delete them.

3. Categories of cookies we use

At launch, GymEzy uses only strictly necessary cookies and equivalent technologies. We do not use marketing pixels, advertising cookies, analytics cookies or remarketing cookies. Specifically, we do not use Google Analytics, Meta Pixel, TikTok Pixel, LinkedIn Insight Tag or any equivalent third-party tracking technology.

3.1 Strictly necessary cookies and tokens

These are required for the Website, SaaS Admin Platform or Member App to function. They cannot be switched off without breaking core functionality. Examples include:

- session cookie / authentication token to keep you logged in;
- CSRF token to protect against cross-site request forgery;
- load balancer or session affinity cookie set by the hosting infrastructure (Work Mit Uns Kft.);
- preference cookies that remember your language or interface choice during a session.

Because these cookies are strictly necessary to provide the service requested by you, no prior consent is required under Regulation 5(5) of the European Communities (Electronic Communications Networks and Services) (Privacy and Electronic Communications) Regulations 2011 ("ePrivacy Regulations") and equivalent EU/EEA rules.

4. No third-party advertising or analytics cookies

GymEzy does not currently use advertising, profiling, behavioural targeting, social media plugin or analytics cookies. If we add any non-essential cookies in the future, we will update this Cookie Policy and ask for your consent through a cookie consent banner before any non-essential cookie is placed on your device.

5. How to manage cookies

You can manage or delete cookies through your browser settings. Most browsers allow you to refuse cookies entirely, accept only certain types, or delete existing cookies.

If you block strictly necessary cookies, parts of the Website, Admin Platform or Member App will not work. For example, you may not be able to log in, stay logged in or use protected pages.

Guidance for common browsers is available at www.aboutcookies.org and at the help pages of your browser vendor.

6. Mobile app permissions

The Member App does not use third-party advertising SDKs. App-level permissions (such as notifications or location) are described in the Member App Terms of Use and Privacy Policy. You can manage app permissions through your device settings.

7. Changes to this Cookie Policy

We may update this Cookie Policy from time to time. The updated version will apply from the date it is posted on the Website unless a later effective date is stated.

8. Contact

Questions about this Cookie Policy may be sent to help@gymezy.eu.
